### Important Risk Information

Fee waivers and reimbursements can be found in the funds' most recent prospectuses.

Gross expense ratio and net expense ratio can be found in the funds' most recent prospectus.

The struck through items are not discussed or referenced sufficiently to require these disclosures. Listing funds which invest in these types of assets do not trigger disclosure requirements.

Equity securities may fluctuate in value in response to the activities of individual companies and general market and economic conditions.

SSGA Target Date Fund are designed for investors expecting to retire around the year indicated in each fund's name. When choosing a Fund, investors should consider whether they anticipate retiring significantly earlier or later than age 65 even if such investors retire on or near a fund's approximate target date. There may be other considerations relevant to fund selection and investors should select the fund that best meets their individual circumstances and investment goals. The funds' asset allocation strategy becomes increasingly conservative as it approaches the target

date and beyond. The investment risks of each Fund change over time as its asset allocation changes.

The performance and risks of each SSGA Target Retirement Fund and the SSGA Target Retirement Income Fund will directly correspond to the performance and risks of the underlying funds in which it invests and in proportion to each Fund's allocation to each of these underlying funds. By investing in many underlying funds, the SSGA Target Retirement Funds and Target Retirement Income Fund have exposure to the risks of many different areas of the market.
